Sample Assessment Questions for Information Creation as a Process

Tweets may be a valuable source of information for certain topics.
  o True
  o False

What is a reason that using a news story would be better than a scholarly source in an academic paper? (choose as many as you think apply)
  o The scholarly community has not examined your topic.
  o You don’t have enough time to find out if researchers have looked at your topic.
  o You are examining the popular perception of a topic.
  o There is a local event that you are using as an example within your research.

How might you share your original undergraduate research?
  o At a conference
  o On a department blog
  o In a scholarly journal
  o All of the above
